

## ***Would you like to raise a more responsible child without the hassles?***

Being able to remain calm in times of stress is a skill not all of us have. It is, however a skill that can be taught.

The course will provide answers to typical parenting questions including:

- How do I get them out of bed in time to catch the school bus?
- How can I stop my children from bickering and fighting?
- How can I get my teenage daughter to come home at the agreed upon time?
- How do I get my children to help with the chores without an argument?

### ***Becoming a Love and Logic Parent®***

A six-week workshop that provides practical techniques to help parents achieve respectful and healthy relationships with their children

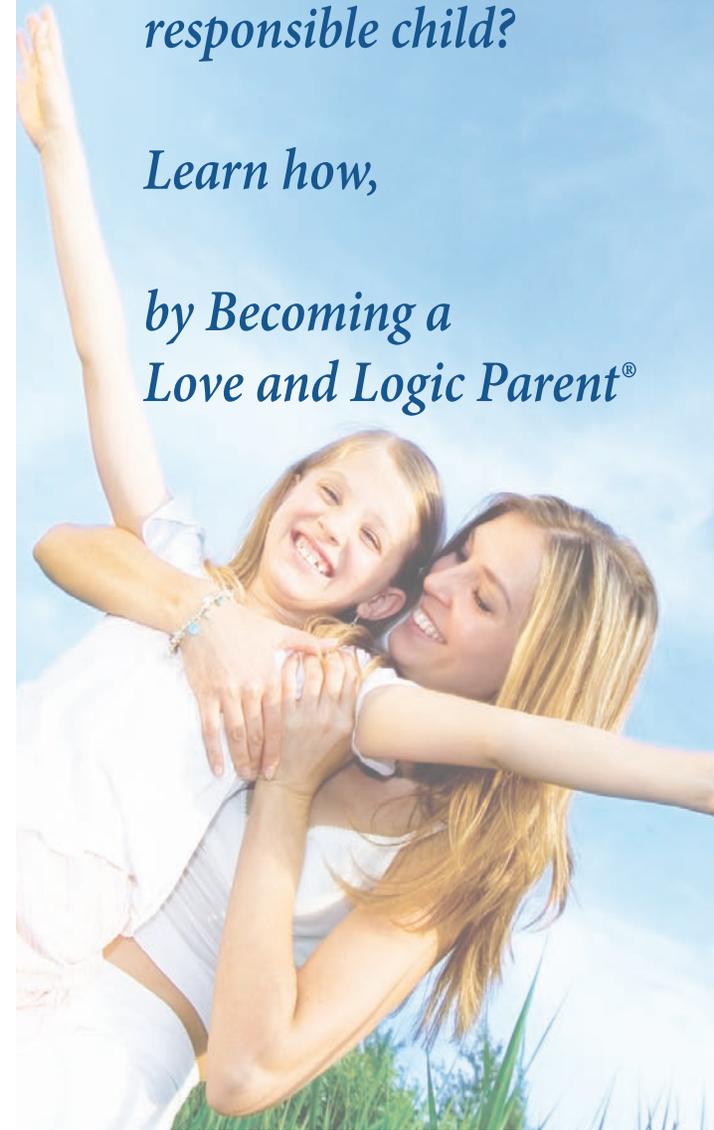

### ***This powerful workshop will:***

- Help you understand your children
- Teach practical techniques that you can immediately put into practice
- Allow you to meet and network with other parents in your community
- Help you build a happier family

***Want to raise a more responsible child?***

***Learn how,***

***by Becoming a Love and Logic Parent®***

***CS Chidsey Seminars***

## Hear what other parents are saying about this class...

"The class has made my household a calmer environment - and fostering a stronger family relationship."

**Debbie – University Heights**

"I love the tools I have learned in this class. I feel so empowered to teach my children to be responsible for their problems, as well as set boundaries for myself to ensure my own well-being."

**Mamie – Lakewood**

"Love and Logic makes parenting easier. It smooths the rough spots in parent-child relationships and helps families be happier."

**Kevin - Bay Village**

"I love this class. I have restored peace and love to my home. I spend less energy and my children actually listen when I do speak."

**Linda - Medina**

**Join us for this dynamic course and immediately enjoy the benefits of *Becoming A Love and Logic Parent*®.**

## What is Love and Logic?

Love and Logic is a philosophy of raising and teaching children which allows adults to be happier, more empowered and more skilled in their interactions with children.

Love and Logic is a way of working with children that puts parents back in control, teaches children to be responsible and prepares young people to live in the real world with its many choices and consequences.

### Who should attend?

Parents and caregivers of children from the early toddler years through their teens can benefit from taking the *Becoming a Love and Logic Parent*® workshop.

## A Proven Program

This 6-week *Becoming A Love and Logic Parent*® training course was developed by Jim Fay, Charles Fay, Ph.D. and Foster W. Cline, M.D., of the Love and Logic Institute, Inc. in Golden, CO.

The program is guided by five basic principles, each extensively supported by research:

1. Enhance a child's self-concept
2. Teach children how to solve the problems they create
3. Share the control and decision-making
4. Experience consequences for behavior along with love and understanding
5. Build the adult-child relationship

## About Ron Chidsey

Facilitator Ron Chidsey is an experienced leader of the *Becoming a Love and Logic Parent*®, 9 Essential Skills of the Love and Logic Classroom® and the Early Childhood Parenting made Fun!® Workshops. He was trained at the Love and Logic facilitator's seminar

in Denver, Colorado. He has also served as the Director of Parent Education for a grant-funded program out of Baldwin-Wallace College called "Expanding Children's Caring About Others". Ron was born and raised in the greater Cleveland area and has been in education for over four decades as a teacher, elementary school counselor and a parent/teacher educator.
